

The zone check-in.

Green, yellow and red — a shared language for capacity, tracked across the week.

Name the zone, and you take the first step out of it.

Sarah Anticich Consulting · The Executive Frame™

Green zone

Calm, grounded, thinking clearly, responsive.

Yellow zone

Anxious, tense, restless, activated — the tunnel is opening.

Red zone

Shut down, foggy, withdrawn — capacity is compressed.

This week

Each day, note your dominant zone, what nudged you there, and the one tool you reached for.

Monday — zone

What nudged me

Tool I used

Tuesday — zone

What nudged me
